

DEPOSIT TO HOLD COSMETIC SURGERY DATE

- Your surgery date will not be reserved until your deposit, and this form (signed on both sides) are received by us.
- A deposit is required in order to hold surgery date if date is more than 3 weeks from now. If less than 3 weeks to surgery date, must pay full pre-pay.
- If the patient is having more than one procedure, he/she must pay a deposit listed below for each procedure. The deposit is applied to the surgery cost.
- **Your deposit is non-refundable.** We ask that you **NOT** pay your deposit until you are definite about your desire for surgery and are certain that you have the funds available to pay the full amount.
- Deposit is forfeited if you do not show up for your pre-op appointment, and your surgery date will be released.
- Deposit is forfeited if full payment is not received by us 3 weeks before your surgery and your surgery date will be released.
- Change of surgery date: If you request us to change your surgery date, it makes a tremendous amount of work for our staff and inconvenience to other patients who must adjust their times. If your request to change dates is made more than 3 weeks before the date we have reserved for you, we will try to accommodate your request. If you call us less than 3 weeks before your surgery date, there will be an additional rescheduling fee (equal to the amount of the deposits shown below) that must be paid before we can reschedule your surgery. If you change your date less than 1 week before surgery, the rescheduling fee will be twice this amount.
- If you are financing your surgery: Do not request us to reserve a surgery date for you unless you are certain that you want to have surgery. When you ask us to reserve a surgery date for you, the entire amount of the surgical fee will be processed through your financing company. If you later cancel your surgery date, we will refund to you the amount the financing company paid us, (Which is much less than the amount you are financing, since the finance company takes money from us too), but the deposit listed below will be deducted from this refund. If you cancel within 14 days of your surgery, the above cancellation fees on the other side of this page will also be deducted from your refund.
